

## **Release Notes 2.1.0**

April 18, 2004

The following items have been moved (migrated) to Production for use by Agencies beginning on April 18, 2004.

- A fix was made to the automatic WGI process to update the salary capping logic for LEO employees. LEO employees who receive a WGI will now be capped at the correct rate.
- New functionality was added to track Student Loan Repayment Awards for CPDF reporting purposes. Nature of Action code 817 was added for processing these PAR actions in EHRP.
- New functionality was added for processing Senior Career Employee Rank Award. The following NOA's were added:
  - 8490 Meritorious Senior Professional award.
  - NOA 8491 Distinguished Executive Senior Professional award.
- The overtime rates for GS employees on the regular rate table have been updated to meet the new OPM requirements effective on 11/24/2003. Overtime rates should now be the same between EHRP and Payroll for regular GS employees.
- A fix was made to the PSP Automatic Termination process so that it no longer deletes the citizenship status from an employee's record when their PSP automatically terminates.
- A fix was made to the PSP length of service process so that it does not process for terminated employees. The process will no longer insert rows on top for terminated employees.
- A fix was made to the PSP Automatic Termination process so that it does not process for terminated employees. The process will no longer insert rows on top for terminated employees.
- Inactivated the invalid value of 6 on the Ethnic Group selection list. This value is not accepted by OPM. In addition, an update script was executed to update all employees with this value to a blank value. A list will be distributed to the appropriate employees to clean up the data.
- Inactivated the invalid translate value of 1 on the Veterans Status selection list. This value is not accepted by OPM. In addition, an update script was executed to update all employees with this value to a value of X.
- A fix was made to the Automatic Termination process. Previously when an employee was terminated via the automatic termination process and had a TSP percentage deduction, users could not re-enroll the employee into TSP upon re-hire. The process has been updated and users can now successfully enter TSP for re-hired employees.
- Added tracking data to the pages under the Maintain Payroll Data and Administer Base Benefits menus. A hyperlink has been added to each page to track online changes made to employee records.
- The retroactive mass pay process was run for employees in the GS, GM and AL pay plans. The program inserted an 002 correction to the original 1/11/04 pay adjustment. The process inserted an 002 correction row to all intervening OPM

actions, excluding awards. In addition, the program inserted a 9000 row with a PRO Work in Progress status for all employees whose greatest effective dated row was an award or 9000 actions.

- The retroactive mass pay process was run for employees on D.C. area wage grade tables. The employees received an 894 pay adjustment effective on 10/19/03. The process inserted an 002 correction row to all intervening OPM actions, excluding awards. In addition, the program inserted a 9000 row with a PRO Work in Progress status for all employees whose greatest effective dated row was an award or 9000 actions.
- The following salary tables were loaded 027R, 027P, 058R, 280R, AA, AD, AL, ES, EX, FC, GS (regular and special rates), GM (regular and special rates), SL, ST, and RS.
- Loaded the locality pay table with the new rates for the retroactive pay increase.
- Loaded the LEO pay table with the new rates for the retroactive pay increase.
